Armitage Shanks

Holding history. Introducing the future.

For almost every sector of the commercial washroom market there is an Armitage Shank product that has been designed to meet its needs. Because every piece has been developed with the performance, durability and regulatory demands of the

market in mind, many Armitage Shank products can be used across several different bathrooms. This flexibility allows everyone to mix and match styles to create unique bathrooms over a broad spectrum of applications.

Armitage Shanks

New products, new possibilities, new options

Established Armitage Shanks' products and exceptional new designs have joined the Armitage Shanks' family, creating an extended sanitary ware solution for every bathroom.

Carlton vessel 60cm with
Adriana vessel basin mixer

The additions to the Armitage Shanks' family mean it can now serve an even wider range of sectors. While sharing the same durability and functionality, these new products have a "softer" commercial look suitable for installations where aesthetics are as important as performance.

Carlton washbasin with
Livia basin mixer

Contemporary styling defines the new members of the Armitage Shanks range.

Carlton vessels are available in two dimensions, 60cm & 42cm and can be perfectly combined with Adriana vessel basin mixer rim-mounted.

Adriana new fittings range has an elegant, minimal design.

Golf - Design new fittings range follows the "soft-edge" design concept, giving it a smooth, harmonized, friendly form. Ecological, economical & safe, this fitting is using Click Technology to reduce water consumption and the hot water limiter to allow the user to have the maximum water heat level of his personal choice.
